Webmaster

not much is going on, not many meeting changes, how did people like the Quad fold? He is not getting fliers, etc so not much is happening. Mike asked Steven to post our updated PR flier. Everything seems well with the flier. Do we have space for Regional fliers and we do have unlimited space. The website is for use for the whole Area and this was discussed. When the Groups were sending in fliers there was more traffic now there is little traffic on the site. The next Area Event is just getting put together and Stanley will be handling the flier, etc. There was discussion regarding the splintering at the Group level due to activities, but they will be more inclusive with the Area and vice versa.

- Regional PR was held the Coalinga situation has been resolved. Mike suggested that we hold another, in person only meeting in March or April. Mike will take it to ASC next month. We discussed the H&I Handbook which was given to each PANEL MEMBER in the past. It details how to run a panel, rules, guidelines, this was discussed further.
